Progress Report Period	
Start Date: 25th of July 2025	End Date: 7th of November 2025
Work Carried out between this meeting and previous meeting	
• Finalized the system requirements and clearly defined the roles of donors, recipients and administrators.	
• Developed UML class, use-case and ER diagrams after further refining requirements.	
• Developed an existing use-case diagram and made simple changes to UML diagrams due to change of system architecture.	
• Initiated a repository in GitHub and made every member a collaborator and updated the design documents. (https://github.com/HeshanSandeepanaJayasinghe/Project-Hope.git)	
• Discussed requirements and proposed features further with similar works we found, which are currently in use worldwide and within Sri Lanka. (https://karuna.lk/home, https://www.gofundme.com/, https://whydonate.com)	

- Organized regular online meetings for progress updates, task assignment, and feedback collection among group members.
- Designed a sitemap and a wireframe to understand the proposed system better and as an aid to refine the system.
- Conducted an online session to demonstrate system design and architecture to group members

Problems Encountered

- Initially we faced ambiguity due to constant change of requirements and ideas.
- Mismatches of ideas when designing the system
- Difficult to keep up with the work due to exam season

Planned work that were unable to carry out with reasons

- Finalize the wireframe and create a mock up – Ambiguity with the payment system and payment methods

Work planned until next meeting

- Finalize the design diagrams after discussing with group members
- Checking and refining the work with supervisor

- Creating a mock up and a Prototype design to further demonstrate the design
- Start working on implementation after solidifying the requirements
